Professional Summary

Civil Engineer with 5+ years in site execution and quality control (Sree Constructions). Skilled in Revit/CAD drafting, 3D modeling, and project management.

Experience

Quality Control Engineer — Sree Constructions (2020–2025)

Managed QA/QC documentation, material testing, and site inspections across residential projects. Implemented checklists, and ensured compliance with building codes.

Operations & HR Associate — Codevo Academy (2023–2025)

Coordinated batches, admissions, and instructor scheduling; streamlined onboarding documentation; maintained CRM and ensured smooth operations.

Education

B.Tech (Civil Engineering) (2020) — University

Core foundations in structures, materials, and site management.

M.Sc (Data Science) — Candidate (2025–2027) — University of Europe for Applied Sciences, Dubai

Statistics, ML, Python, data visualization, and cybersecurity fundamentals.

Selected Certifications

- Autodesk Revit (Intermediate)
- AutoCAD (Advanced Drafting)
- Occupational Safety / QA-QC Workshop
- Python for Data Analysis (in progress)

Skills

Revit, AutoCAD, QA/QC, Site Execution, BIM Coordination, Python, Pandas, Excel, Power BI, Git.
